The Race For Township Supervisor

Scott A. Adkins _____

David A. Glaab _____

Huron Township Residents:

On March 31st each of you will be asked to cast your vote for the next Supervisor of Huron Township. As a candidate for this position, I would like to take this opportunity to explain to you why I am seeking this position and provide you with my qualifications.

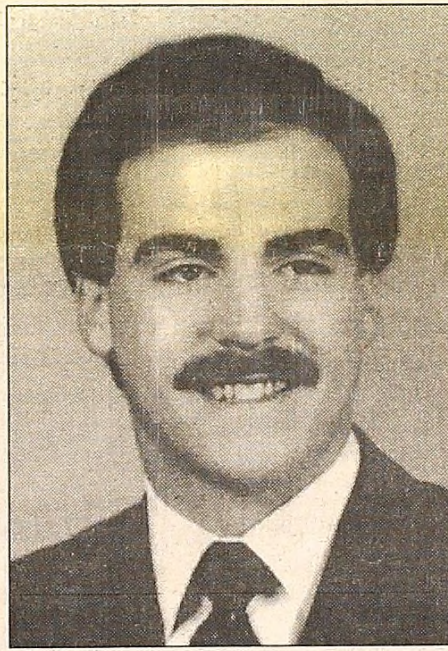

I have been a life-long resident of this community and I am very proud of Huron Township. Although we have recently been through some troubled times, I have continued to move our community forward on many issues and programs. As your Township Treasurer and one of three full-time administrative officials, I have worked very

hard to preserve our community's pride and integrity. I continue to be responsive to your needs and desires, and can assure you that I will speak up for All Huron Township Residents in the future as I have in the past.

My educational and work experience are key components to a successful Township Supervisor. I possess a Bachelor of Science Degree from Eastern Michigan University in Public Law and Government. In addition, I am completing my Master's Degree in Technology from the same University with an emphasis on Public Administration and Land Use Planning. This educational training provides me the opportunity to give you the expertise of a full-time professional municipal manager at NO ADDITIONAL COST TO YOU. My previous work experience in the areas of insurance and risk management and public safety are also vital to governmental operations and to your health, safety, and welfare.

In closing, I ask for your support on March 31st. I am fully confident that I can be your voice for good government and help Huron Township Forge Ahead for the Future.

— Scott A. Adkins

I am seeking the position of Township Supervisor because I am concerned about our community's future. As a life-long resident of the Township and business owner, I believe this is a critical time in our Township's history. It is imperative that our Township move forward quickly in a positive fashion.

As your next Supervisor, I will work hard to ensure quality and controlled growth of our Township, to secure greater services from Wayne County, and to build upon my relationships with county, state and neighboring community elected officials to

help our Township achieve its goals.

I will explore ways to better serve our residents including: building a new Township Hall and Community Center where our Senior Citizens and Youth recreation activities can take place as well as where our general Township Office, Police and Fire services are administered.

I will continue my six-year struggle to reduce aircraft noise, to secure more control over how the Township's road dollars are spent and to implement a more efficient and accountable Township Government to serve you the residents more like customers and not merely tax payers.

I would appreciate your support on March 31st for "Real Leadership and Real Change."

— David A. Glaab

Recycling Committee meets the first Thursday of each month at 7:30 p.m. at the Township Hall.

Telecommunications Committee meets the last Monday of each month at 7:30 p.m. at the Township Hall.

Letter to the Editor

This letter is in response to a commentary by Rebecca Alfano which ran in the Wednesday, March 11, 1998 Huron River Weekly.

As most of the Downriver area is aware, Huron Township has recently been plagued with political turmoil, with the culmination of the

turmoil being the recent recall of Township Supervisor. Since the January recall election, Huron Township has been involved in an aggressive healing process.

After reading Ms. Alfano's opinion, it has become apparent to many that Ms. Alfano and "The Committee to Recall the Big 5" must be living with their heads in the sand. Great strides in progress have been made within Huron Township, especially since this election. The Board of Trustees is working together, something that was difficult to do in previous months. The tactics being undertaken by this recall committee are openly vindictive and in retaliation to the recall of the previous supervisor. At no time has any member of this recall committee

attempted to get answers to their questions from township officials, they would rather use "shoot from the hip" tactics to belittle and degrade the current board.

Many of the recent accusations from leaders of this recall effort have been nothing more than lies and tactical maneuvers used to put up a smoke screen and further their agenda. If these persons were truly interested in better government or assisting in the healing process, they should become involved in more positive efforts to improve the community, remember; if you are not part of the solution, you are part of the problem.

Scott A. Adkins,
Huron Township Treasurer
Dawnette K. Bowers,
Huron Township Clerk

HURON TOWNSHIP NEWSLETTER

From the Office of Township Clerk

by Dawnnette Bowers

Hello from a very busy Clerk's office here at the township hall. We here at the Clerk's office are again busy getting ready for another election. This next election will be the Supervisor's Election that is being held on Tuesday, March 31, 1998 to replace the vacancy in the Supervisor's office. Therefore our office is very busy working on absentee ballots, publications, precinct reports, poll books, voter records and registrations, getting election machines set-up, finding enough precinct workers for all ten of our precincts, and all

the many other essential things it takes to run an election. It is amazing how much preparation and work is involved in running an election.

Although Huron Township has at this writing 8,451 active registered voters, voter turnout in our township is usually very low. This same trend is not only characteristic of Huron Township though, it also seems to follow a likewise pattern throughout the entire state of Michigan. Recent legislation has been brought forth to help change these characteristics by forcing

municipalities to upgrade and add to their election equipment, and voting devices, to help eliminate the long lines that are created during some major elections. Other legislation has been brought forth to create what is known as the "no excuse" absentee voting procedure in which any registered voter can vote by absentee ballot simply because they do not want to go to the polls on election day. These are some of the different types of legislation that have been brought forth to help with voter turnout.

In closing, don't forget to vote March 31, 1998. If you are not sure whether or not you are registered to vote in Huron Township, or if you are not sure which precinct you should vote at, please call the township Clerk's office at 753-4466. Absentee voter ballots are also available until March 28, 1998. The township Clerk's office will be open on Saturday, March 28, 1998, from 8:00 a.m. until 2:00 for you to obtain an absentee ballot.

From the Office of Trustee

by Michael Glaab

Huron Township will partner with the communities of Romulus and Taylor to coordinate and plan future land use around Metro Airport. A joint meeting was held March 11, 1998 consisting of Huron Township Board members, planning commission members, City of Romulus Council members, City of Taylor representative, Cameron Priebe and Mike Patraska of Wayne County, and a representative from the consulting firm McKenna and Associates. The three communities agreed that working together in an organized fashion had many advantages. McKenna & Associates will be the design consultant for the project.

One of the main themes discussed was economic development. Mr. Priebe estimated that approximately

70,000 new jobs will be created. The economic activity stimulated by the airport expansion is expected to be in the area of \$2.5 billion. All three communities and other downriver communities will benefit from this activity. Even if the county projections are off by 50 percent, the new employment opportunities and economic activity will be significant.

Another theme discussed was "consistency" in planning the surrounding areas. One of the most important goals of this project will be consistency in planning. By working together with our neighboring communities we can accomplish a final plan that works and compliments each other. It would be a mistake, and a missed opportunity if the three communities worked sepa-

ately and one side of the road ended up looking entirely different than the other side.

The partnership approach is a logical

one. Duplication of efforts and reinventing the wheel over and over again must be avoided.

From the Office of the Treasurer by Scott Adkins

I would like to remind you that the last date tax payments for the 1997 tax season could be accepted at the Huron Township was February 28th. All payments made after March 1, 1998 must be paid at the Wayne County Treasurer's Office. The office is located in Detroit's Greek Town. The offices are on the 5th floor of the International Building, 400 Monroe Street, Detroit, Michigan 48226. Personal Checks and money orders are accepted as payment for only the 1997 taxes, all prior year tax payments must be made by either certified Check or Money Order. Cash payments will be accepted in person at the County Treasurer's Office. Please include a copy of your tax bill with all mailed

correspondence. If you have specific tax questions, please contact the Huron Township Treasurer's Office at 734-753-4466 or the Wayne County Treasurer's Office at 313-224-5990.

Personal property tax payments for all Huron Township businesses may be paid at the local Treasurer's office at anytime during regular business hours. Late tax payments are subject to late fees and penalties. We are in the process of continuing to seize personal property of those businesses who have not paid their delinquent taxes. Business owners with specific questions on personal property are encouraged to contact my office for further assistance.

From the Office of the Treasurer by Nora Adkins

Huron Township is on the move and with progress comes change. One of the newest changes is the establishment of the public Safety Commission. This commission consists of five voting members who include Dawn Daniels, Myron Hart, Percy Lilly, Frank Marvaso and Chairwoman Nora Adkins.

The commission also has representatives from the police department John Maier, the communication department Marlene Krause, and the three fire departments within the township, Fire Department #1 Mark Kenosian, Fire Department #2 Dennis Lyons and Fire Department #3 Nat Greer. These representatives are non-voting mem-

bers. These members all work together to act as a liaison between the residents and the township board to address concerns that may effect the health, safety and welfare of the community.

This group has a positive attitude towards making Huron Township an even better place to live.

Recently they took a tour of the township facilities to prioritize the needs in each area. If you have a concern please notify a member of the group or the township.

The commission meets the third Monday of each month at 7:30 p.m. at the Krzyske Community Center in Waltz.

From the Office of the DPW Director by Ron Tabor

As the rainy season approaches there are several things we should all be aware of. It seems like we all have problems during severe thunderstorms and require some type of help by the Township or Wayne County. If we take a quick survey of each of our homes or businesses, maybe we can eliminate some of these problems before they become worse.

We must understand how our road ditches work and what the different is

between road ditches and actual drains. The proper sequence of runoff or surface water drainage normally starts at the road ditch. Once these road ditches have collected water from the roads it is then routed to the nearest drain. These drains are much larger and will allow greater volumes of water to exit the area.

Normally these drains empty into the river but that is not always the case.

Chapp's Landing Open House

"Celebrities" galore attend grand event

Chapp's Landing held its open house on March 14th and 15th. By the look of things when the staff of The Huron River Weekly visited, the open house was a huge success.

D.A.R.E. volunteers were available for fingerprinting of children and the children were delighted with Twinkie the Kid and McGruff. Both McGruff and "The Kid" entertained the guests with food

treats and balloons.

The Chapp family greeted the guests and raffled many prizes to the lucky winners. Jerry and Jim Chapp were delighted by the response of the community and it was clear that Chapp's Landing is a welcome addition to our township.

Among the local dignitaries in attendance were District Judge Tina Green, Township

Clerk Dawnette Bowers and Treasurer Scott Adkins.

The lucky raffle winners were:

Beanie Babies: Kaitlyn Hinojosa, Traci Korte, Julie Yaeger, Rachel Lance, Jackie Garker, Craig Otter, Sarah U., Brittany Bath, Ashley Banks and T.C. Christon.

Cooler: Joel Krejger, Larry Cole, Dorothy Dejack, and Gary Rupprecht.

Playstation:

Mathison

Stacey

Phone: Chad Langdoh

Grill: Gidget Schroeder

Bike: Antasia Murphy

Television: Julie Kaslowski

One Again Officers Ride Cycles

Soon again it will be time for Huron Township Police Officers Gene Kean and Greg Hinzmann to don their helmets and gloves and get back on their bikes. Last year was the first year the Huron Township Police Department participated in a program offered by Harley Davidson Motorcycles that enables police departments to lease motorcycles at a cost of \$300 per unit per year. Under the lease agreement

Huron Township receives two Harley Davidson Motorcycles each spring to use until fall. This year's motorcycles were delivered to the township just last week. Officers assigned to bike patrol must undergo specialized training in order to be qualified to ride. So next time you're out and about and you see Officer Kean or Officer Hinzmann on their bikes, give them the "hi" sign.

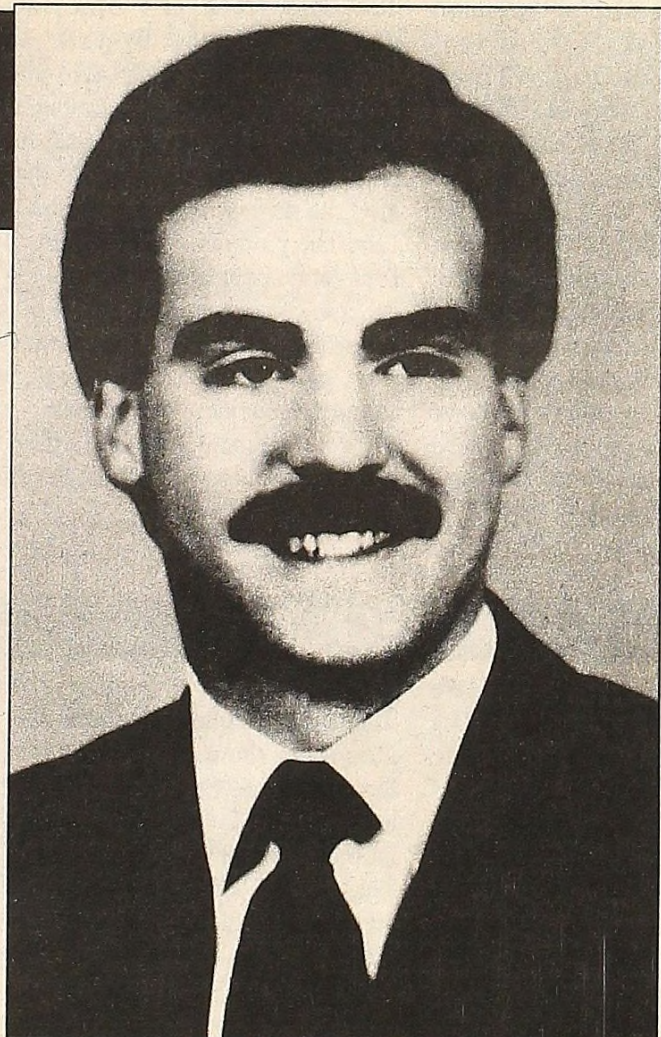

Twinkie The Kid with Jerry and daughter Felicity.

McGruff and Friend.

(L-R) Sue Murray, Scott Adkins, Nora Adkins, Jerry Chapp, Dawnette Bowers, Tina Breen, Keith Nickerand.

VOTE DAVID A. GLAAB FOR SUPERVISOR

DAVID A. GLAAB will work hard to:

- Make your government more accountable, accessible and reliable
- Make Huron Township a key player in Metro Airport Expansion
- Implement 'Master Planning' to insure quality and controlled growth
- Explore options on improving our roads and public services
- Foster relationships with other elected officials to influence legislation

Qualified:

Undergraduate Degree from Purdue University
Juris Doctorate Law Degree from Detroit College of Law
Small business owner in the community
Proven leader on issues such as aircraft noise

Endorsed by:

US Senator Spence Abraham
Governor John Engler
State Senator Loren N. Bennett
Commissioner Bruce Patterson
Many local residents and business owners in Huron Township

REAL LEADERSHIP FOR REAL CHANGE

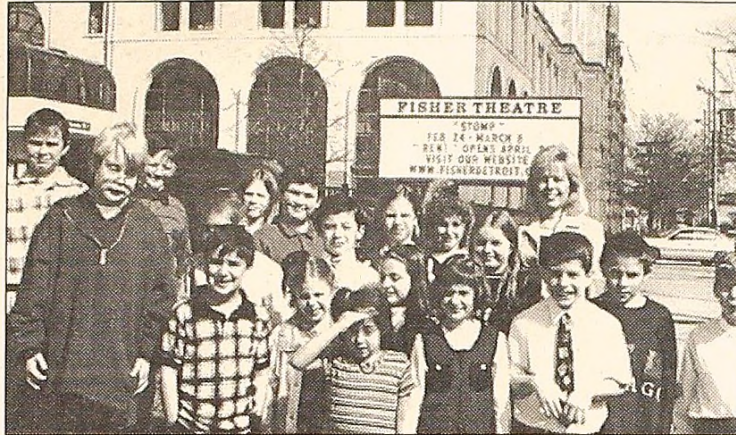

C.Y.B.O.R.G.S. At The Theater

The C.Y.B.O.R.G.S. along with some members of their families enjoyed a wonderful afternoon together at the Fisher Theatre. On Saturday, March 7, the group boarded a bus at the Huron High School and headed out on a great adventure to downtown Detroit.

The group enjoyed the music and dance of *STOMP*. For some of the members this was their first experience at the theatre. The ride back was filled with chatter about who was their favorite character

and what was the best dance arrangement.

To quote one of members, "I had the time of my life."

These C.Y.B.O.R.G.S. members and their families had a great time at the Fisher Theater in Detroit. Look at all those smiling faces!

America and Me

Earlier in the year, the accelerated eighth grade Language Arts class participated in an essay writing contest by the name of "America and Me." Their topic was "How My Community Inspires Me to Become a Better American." In late February, the results of the contest arrived. Mr. Mark

by **JESSICA KEYS**
& **JESSICA MCKINNEY**
Renton Junior
High Reporters

Patterson, from Farm Bureau Insurance, presented the awards. Stacey Mathison won first prize. She was awarded a plaque, and her essay will continue to compete with others

from different schools. If she wins first prize of all entries in the nation, she will read it at a baseball game.

The second and third place winners were Eva Vigh and Melissa Adkison. The rest of the class was awarded certificates of participation for their hard work throughout the contest.

Huron Township Joins Taylor And Romulus In Land Development Study

At the special township board meeting held on March 11th, the board agreed to join the cities of Taylor and Romulus in a coordinated effort to develop the Pennsylvania Corridor.

The special meeting held prior to the regular scheduled meeting was well attended by township citizens which was a reflection of the continuing importance of the airport issue. Several members of the

Township Planning and ZBA Commissions were also in attendance but most chose to listen and withhold comment. Norm Kohlstrand the Planning Commission Chairman did express his support for the proposal.

Cameron Preibe representing Wayne County expressed his belief that 70-80,000 new jobs could be created by airport expansion. He assured the board that Wayne County was

Planning and ZBA members at Airport Meeting.

very interested in the development of the surrounding communities and that Wayne County would cooperate with them.

Romulus Mayor William Oakley spoke of the political clout generated by the combined effort and concluded that as a result, Wayne County would take the communities more seriously.

A spokesperson for Taylor addressed the board and advised the program could generate \$125 million in road improvements for Pennsylvania, Inkster and Ecorse Roads. He also expressed the county's interest in either expanding Wahrman Road or moving it. He further

indicated that commercial development could generate \$2.5 billion in private investment, tax base and development.

As discussion progressed, it became clear the representative felt the "Ring Road" concept was the key to future development. This concept places Pennsylvania Road as a major road but there appears to be no plans to connect it to I-275. The group felt that Sibley Road could provide the I-275 connection without any difficulties. This generated some concerns about the traffic problems caused by the disconnection of Pennsylvania to I-275 but it was suggested that an expanded Wahrman Road

would solve any problems.

In concert with the improved roads, the communities would develop commercial planning consistent with the character of each community but would also do it in a joint effort. Each community would be responsible for its own zoning but mindful of the adjoining communities zoning.

A representative from McKenna Associates presented a thick 92-page proposal but only 15 pages described the proposal with the remainder promoting McKenna Associates.

The McKenna spokesperson estimated the development of the plan would take about eleven months. It was suggested that a coordinating committee of political leaders work in concert with a technical committee composed of planning and ZBA members.

The proposal called for Huron Township to contribute \$24,765, the City of Taylor \$9,525 and the City of Romulus \$29,210 for the cost of the plan.

Trustee McKinney was the only board member to express his opposition to the proposal.

Airport Noise Meeting

by **NANCY BURZYCKI**
Freelance Writer

In attendance for the meeting held on March 18, were Senator Bennett, Colleen Pobur for Wayne County; David Katz, Director of Operations at Wayne County Airport; Dawnette Bowers, Township Clerk; Len Singer, Wayne County; and David Glaab, sitting in for Bruce Patterson.

All representatives seemed to have done their homework. With movie and overhead presentations of Sound Insulation

and Demo. home, Colleen Probator stated "19 homes have now been completed, with 15 more under construction." 43 more homes will be added to the list by March 30, and Wayne County will bid 20 more in April.

What used to take eight weeks to design sound proofing for each home, is now diminished to a four-hour process, by what Pobur describes as D.A.R.T. (Design And Remediation Team). Dart consists of one meeting per home of all designers and engineers working through a

computer program to best suit each individual layout.

Wayne County has also, redesigned its hotline system, with a format of specific questions, to better identify flight patterns with time of complaint and location.

Mr. Glaab's presentational video, viewed San Francisco's International Airport, which showed climb times and SF's solutions to the noise reduction. But, Wayne County does not have a bay to absorb most flight patterns and its terrain is also flat.

Although the meeting

seemed to be handled well, audience members were still left with many unanswered questions. A lot of these could have been resolved had a representative of the F.A.A. been present.

Speaking from the audience was resident Colleen Modzelewski. Mrs. Mod-

zelewski's concerns were of hearing loss due to excessive airport noise on her property, and asked why she was not included in the N.C.B. (Neighborhood Compatibility Program).

Interim Supervisor also approached the podium stat-

Continued on Page 8

Meeting

Continued from Page 6

He objected to the board's failure to consider other companies in a bid format. He also seemed uncomfortable with the speed in which the board was accepting the proposal.

He went on further to say that our planning commission and its professional consultants were already working on the planning and to hire another consultant was duplicating efforts. He also felt Huron Township was paying a disproportionate amount of money and felt the other communities would benefit first.

He expressed the view that Wayne County "would do what they want with the roads" and that Huron Township would be the last to benefit from airport expansion. He concluded his remarks by reminding the board that Taylor and Romulus had not even agreed to the proposal and it was not necessary that

Huron Township be the first to agree to it.

However, the remainder of the board did not share his views and several expressed an interest in getting the project moving and reclaiming the land for constructive use. The motion to approve the proposal easily passed by a vote of 6-1.

CHARTER TOWNSHIP OF HURON FIRST READING ORDINANCE #98-1 ORDINANCE TO CREATE THE CHARTER TOWNSHIP OF HURON OFFICIALS COMPENSATION COMMISSION

Section 1.

There is hereby created the Charter Township of Huron Officials Compensation Commission.

Section 2.

The Charter Township of Huron Officials Compensation Commission shall consist of five members, all of whom shall be residents of Huron Township. But non of whom shall be elected or appointed officials or employees of the township.

Section 3.

The members of the Commission shall be appointed by the Supervisor with the approval of the Township Board. They shall be appointed to four (4) year concurrent terms, and shall serve until their successors have been duly appointed and qualified.

Section 4.

The Commission shall serve without compensation.

Section 5.

The Commission shall study the issue of compensation for elected officials and members of appointed boards and commissions by making comparisons between and among Huron Township and other similar communities, analyzing the duties and qualifications, and shall conduct such other studies as the Commission deems appropriate.

The Commission shall then make recommendations to the Township Board as to the compensation of elected and appointed township officials to be effective during the next term of office of the Township Board. Such recommendations shall be made on or before December 31 of the year preceding the year during which the quadrennial election of township officials shall take place.

The Township Board shall act on the recommendations on or before April 1 next after receiving the report of the Commission. The Township Board may accept or reject, in whole or in part, the recommendations of the Commission.

Section 6.

The Township Clerk shall provide staff and support services for the Commission

A Touch Of Smithville

A small piece of the history of Smithville may have recently been saved and preserved, and kept from the ravages of the wrecking ball of progress.

Mr. George Stamos, an area developer is currently remodeling one of the remaining

century-plus-old homes in Huron Township which is located in an area once known as Smithville. This small village was laid out in 1886 by Orren and George Smith.

The exact date of construction of this old home located on the east side of Clark Road just north of Willow Road is unknown, but it is thought by many to be over 120 years old. Mr. Stamos was told that the home may have been the original "Otter Farm" house.

Mr. Stamos has very care-

fully removed many pieces of beautiful old mouldings and hand-carved pieces of trim from the interior of the old home and donated these valuable items to be Historical Commission to be used in the interior restoration of our historical building known as the "Adams House."

These beautiful pieces of trim and moulding will greatly

enhance the beauty of the interior of our historical home.

A sincere "thank you" to Mr. George Stamos for helping to preserve the history of our "Beautiful Township of Huron."

We welcome any and all donations to our worthwhile project.

Noise

Continued from Page 7

ing, "Once stage three is in place 65- to 75-percent of airport noise will be reduced." Federal law requires this to be in effect by the year 2000.

Audience members were still shaking heads as Pobur discussed how contour lines should not be remeasured due to the fact these areas were shrinking and remeasurement would omit many homes now in the program.

Although some audience

members were heated at times, there was a definite feeling of some progress and effort made on the part of Wayne County and Metro Airport. Huron Township can only hope this effort will continue through these meetings and audience participation.

The next Summit Meeting will be held some time in May, hopefully with an F.A.A. representative present.

This meeting was taped by Huron Township Cable and can be viewed on Channel 18.

District Court Update

by Judge Tina Brooks Green

Thanks to a government grant obtained by the 34th District Court, the Court now has the funds to manpower a crackdown on alcohol-related violators and outstanding bench warrants in the district.

As required in the grant, at the beginning of this year, the Court implemented alcohol and drug testing to reporting probationers. The court officers at the Court were trained in the portable breathalyzer and designed a system to track the results. Urine tests are also available for use. The objective under the grant is for zero tolerance. Violators are dealt with by the sentencing Judge. Punishment ranges from a warning to work program and even jail time.

The court officers also act as bench warrant officers under the grant. A database of existing warrants enables the officers to retrieve bench war-

rants in traffic and criminal matters. Letters are sent directing the defendant to appear immediately subsequent to the mailing. Failure to appear results in the officer appearing at their home or place of employment for arrest.

"The real purpose behind the bench warrant letters is to get the defendant to appear and resolve the case ... it isn't a

main intention of the Court to lock up all outstanding bench warrants," stated Officer Alan Hindman. "In fact, you're much better off coming in on your own, than if we have to come and find you ... and eventually we'll find you."

If you or anyone you know receives a bench warrant letter, you are best advised to appear immediately at the Court. The

Court believes that this program will be successful. In the short time the program has been on-line, there has already been some very positive results. If you have any ques-

tions regarding this program or anything else at the 34th District Court, please call 941-4462 or appear at the Court Monday through Friday, 8:30 a.m. to 4:00 p.m.

Soroptimist Winners

Soroptimist International of Flat Rock has announced the annual winner of its Youth Citizenship Awards. Amy Patel, a Junior at Woodhaven High, was the first place recipient. Matthew Laginess and Melissa Hardesty tied for second place awards.

Mr. Laginess is a Senior at Huron High, and Ms. Hardesty is a Junior at Flat Rock High School.

The citizenship award is a program aimed at recognizing community and civic achievement, and is open to students in the entire Downriver area.

Students submitted written summaries of their civic activities, along with recommendations from adults. The summaries were reviewed by a panel of judges who ranked the applicants in several categories including family, community and world responsibilities, and community activi-

ties. The applicants were asked to discuss future goals, and the manner in which those goals relate to world citizenship.

The awards include cash stipends of \$500 for first place, and \$400 for second place. Although the program is not a scholarship, two of the recipients indicated they plan to use the money to help achieve future educational goals.

Marie Lewandowski, President of the Flat Rock Soroptimists, announced the awards. "These outstanding young people were selected from an impressive field of candidates from throughout the area," she said. "It is inspirational to see how committed they are to family, school, and community. A majority were also active in religious endeavors. It seems natural for one generation to worry about the future of the following generation," Ms. Lewandowski added. "The Youth Citizenship Award program gives the older generation a sense of comfort that the world will get better."

Ms. Patel is active in the Hindu Temple in Canton Township. Her community service activities include volunteer work at the Trenton Public Library, the Salvation Army, and Riverside Osteopathic Hospital. At Woodhaven High School, she participates in Student Council, Students Against Drunk Driving, and National Honor Society, as well as Science and Social Studies Olympiads, and a literary magazine.

With a plan to pursue a

career in research pharmacy, Ms. Patel hopes to interact with and help less fortunate people. "I believe that if citizens give back to the community more than they take, we can greatly improve society," Ms. Patel said. "I hope to continue community service,

especially in rural areas or developing countries."

Ms. Patel lives with her parents, Prakahs and Bela Patel, in Riverview. The Soroptimist International is a community service organization with chapters in 112 countries and territories. Besides the Youth Citizenship program, the Soroptimists actively support several community and chari-

table activities, including Youth Forum, Headstart, and Downriver Child Guidance Clinic.

Internationally, this year Soroptimist International is emphasizing reduction of violence against women, AIDS reduction in Thailand, education and materials for children working to support their families in India, and vocational

training for women in developing countries.

Upcoming activities locally include a fashion show on March 25, and a free cancer awareness program on May 4.

The organization holds a dinner meeting on the first Tuesday of each month at Fiorelli's in Flat Rock.

DPW

Continued from Page 3

Sometimes they move the water through other communities before getting to the rivers or lakes.

The road ditches, which are normally located along the side of most roads, are the responsibility of the Wayne County Road Commission. The large drains which run through the different sections of the township are the responsibility of the Wayne County Drain Commission. Sometimes the problems which occur are as simple as a milk jug, or leaves and debris blocking the culverts and these can be removed by a simple clean up or raking. Other times the culverts may freeze up or the ditches may need some dirt removed to replace the needed grade. When this happens the

Wayne County Road Commission should be called.

Many times the drain itself is plugged or the flow is restricted in some manner and in this case the Wayne County Drain Commission should be called.

To try and help resolve this problem the Township Board is going to hear a presentation from Wayne County to discuss the feasibility of the township

taking charge of the drain cleaning with the funds being directed to the township instead of the county. This concept is a very interesting proposal and from the first glance it appears that the township residents could get more "bang for their buck" but that is a decision the Board must make.

If in the meantime the problems that you have cannot be

easily resolved, call the Huron Township Department of Public Works at 753-3442 and we will try to assist.

Forging Ahead for the Future ...

* EXPERIENCED * ELECTED * COMMITTED
* WORKING HARD FOR YOUR COMMUNITY
* Scott A. ADKINS
* HURON Township Supervisor

On Tuesday, March 31, 1998, you will be asked to select the next Supervisor of Huron Township. I am asking for your support so that we may heal our community's past wounds and move ahead in a positive manner. I have the education, experience, and dedication to move our Township in the right direction. **I can work for you on a Full-Time basis to see that your concerns are addressed.**

As your current Treasurer, I have been able to save and generate thousands of additional dollars for our Township at **NO ADDITIONAL COST** to you, please allow me to take our community to the next level.

Endorsed by the 13th District Democratic Party, 13th District Young Democrats, State Representative George Mans, Building Trade Unions.

Please note: If I am elected Supervisor, there will be **NO ADDITIONAL COSTS FOR A SPECIAL ELECTION to fill the Treasurer's seat due to the fact that a general election will be held in November 1998 for Governor.**

PAID FOR BY THE COMMITTEE TO ELECT SCOTT A. ADKINS
25917 RUST ROAD, NEW BOSTON, MI 48164
